

Weekly Plans and Notes (03/08 – 03/12)

- **Maintenance:** Bed Pre-Emergent has been completed on all homes and the Lodge, Sales Center and Model Village.
 - Next Week: We will be working on the Buffer berms next week.
 - Mowing: we will be starting our first cut on 3/22/21. The reason we are waiting is to give the entire communities turf a chance to flush out before start mowing.
- **Pruning:** We have completed the winter pruning and the next schedule pruning will begin early to mid-May.
- **Irrigation:** The main COS irrigation system will soon be activated but, we will continue to NOT run any irrigation until the weather dictates.
- **Turf Applications:** The first round Turf Application was completed 03/01 – 03/05

Have a Great Weekend!
