

### Weekly Plans and Notes (04/26 – 04/30)

- **Rain:** This week we have had 2 days of rain that have shut us down. Those days being Wednesday and Thursday. We received just at an Inch of rain over those 2 days.
- **Maintenance:** So we are behind from the 2 days of rain. We are working today and tomorrow and we have added a third crew from the other Del Webb to assist on Friday. That being said if we cannot make it to your street this week we will make sure you are mowed first next week. I will update Town Square on Monday with who did not get cut and the schedule for the following week.
  - **Edging:** We will be edging the concrete next week.
  - **Flowers:** The seasonal flower rotation begins today. We are removing the pansies and violas today and the beds will be replanted on Monday.
- **Pruning:** The next scheduled Pruning will begin in Mid-May.
- **Irrigation:** We have the Irrigation prepped for the flower install Monday and the only turf zones currently running are for the Lodge. No zone should be running past 9 am in the COS areas. If there is a zone running please put in a Town Square Request under Irrigation.
- **Turf Applications:** The turf has started to recover from the slight over spray. I will be out with Weed Man next week inspect the turf again.

Have a Great Weekend!
