

Weekly Plans and Notes (05/03 – 05/07)

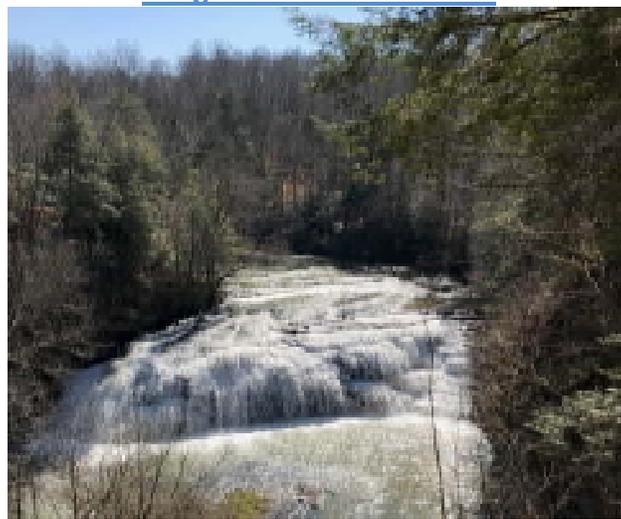

- Rain** This last week has dropped a lot of rain on Southern Springs. We missed mowing on Wednesday 4/28 and Thursday 4/29. We then missed Monday 5/03 and Tuesday 5/04. Luckily, yesterday the storm moved through after we had finishing mowing for the day. I am including below pictures from our Rain Gage at the Lodge. The rain totals and timeframe are impressive, 3.26 on Monday and 1.08 on Tuesday. That puts Southern Spring near the MONTHLY Average for May (5.6 inches) in the first 7 days.

Please use TownSq to submit questions and concerns regarding Landscape and Irrigation. Ross and Brian both get those requests and will respond appropriately.

- **Maintenance:** We are behind from where we want to be. With that much rainfall we are working slower to try and not disrupt the turf. On Wednesday we had a Crew from the Mt. Juliet Del Webb come down and help mow the parkways and Lodge while our crews mowed the homes not finished from last week. Started at the Estates and have moved onto the West Side of Del Webb Blvd. Once finished we will move onto the east side of Del Webb starting at Cater Court. There is a chance of Rain on Saturday but we will be working for as long as we can be. Thank you for your patience as we work through getting back to the schedule.
 - **Schedule:** The weekly mow schedule will be attached to the Town Square Announcement. Starting next week we will be working to maintain that Schedule. There will be some adjustments made as New Homes and common areas are built out. We will communicate any adjustments that are made.
 - **Edging:** We will be edging the concrete next week.
 - **Flowers:** The seasonal flower rotation will be completed by this weekend.
- **Pruning:** The Pruning schedule will begin in the next couple of weeks.
- **Irrigation:** With the amount of rainfall we have had no Turf needs to be watered. We are only watering the zones that water the flowers. If you see one of these Zones watering for longer than 30 minutes you can Let us know by submitting a Town Square Request un Irrigation (COS only).
- **Turf Applications:** Weed Man will be in the community today to retreat some areas that have been missed. Also Weed Man will be treating some selected areas that have designated by the GLC in order to help out some COS Turf areas. That treatment is on schedule for the 15th of this month.

Have a Great Weekend!
