

Weekly Plans and Notes (09/20 – 09/24)

- **Weather:** From Saturday to Wednesday we have had 4.25 inches of rain. For this reason we did not mow the homes until Friday afternoon. The yards are too wet for our mowers and we did not want to have any rutted up yards or damaged fences.
- **Maintenance:** This week we mowed the secondary areas, the Lodge, Parkways, Entrance, Sales Center and Model Village. We only mowed the following streets to prepare for Aeration on Monday morning: Tipton (Short side), Overton (East Long), Clay Place (Clay Court to Overton East, Berm). These homes were mowed for aeration on Monday.
 - **Edging:** We will be edging the Beds next week.
 - **Next week (09/27 - 10/01):** We will be mowing all the homes next week except the streets that we mowed today (listed above).
- **Turf Application:** Weed Man is on site Friday (09/24), Saturday (09/25). This is a spot treatment for grassy weeds and broadleaf weeds. Their main focus is the spraying of the grassy weeds.
- **Pine Straw:** The Second application of Pine Straw is being scheduled out for the first half of October.
- **Irrigation:** With the slow soak that came down this week please remember to adjust your Irrigation accordingly. With the temps staying cool in the evening and not getting into the 80's during the day you can scale back the watering times. Yes the seed needs water but remember that a little water will go a long way.
- **Aeration and Over-Seeding (A&O):** Aeration and Over-Seeding will be starting again next week on Clay Place then move on to Overton (east). We will be following the below schedule for A&O. Please, remember we will not be mowing for 14 days after we Aerate and Over-Seed your street. The schedule is subject to change due to weather. We will update Town Square accordingly. We are applying the seed at the correct rate throughout the community.
 - **AT&T:** Last Year we had some difficulty being able to properly A&O due to the location and depth of AT&T Lines. This year we will be seeding those areas where the lines could be but, we will not be aerating them. I am sorry for the inconvenience. If you ask for that area to be completed please let Management and Brightview know in Town Square before the crew aerates that area.
 - **Highlighted Areas Yellow is Completed.**
 - **Highlighted Areas Blue designates no mowing or aerating due to rain.**

Please use TownSq to submit questions and concerns regarding Landscape and Irrigation. Ross and Brian both get those requests and will respond appropriately.

Upcoming A&O Schedule

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
