

### Weekly Plans and Notes (11/30 – 12/04)

- **Weekly Maintenance:** The super cold mornings this last week forced us to delay our start times back and held us up from continuing the final clean up mow. We did not work on Friday because of the rain and that shortened our week as well. Instead we used the time to perform a weed detail starting at Gibson Trail, Humphrey's Glen, Davidson Walk (to the Pocket Park) and Coffee Ridge. We then were able to mow the Estates, Del Webb Blvd. Cannon Ln, and Bledsoe.
  - **Next Week:** We start mowing next week at Humphrey's Glen (Long Side), Grainger Springs, Fayette Ct, Gibson Springs, Madison St, Lawrence Ridge, Henderson, Overton (Lodge side), Loudon and Knox Glen. This Schedule MAY CHANGE because of turf applications being applied. I will send out an announcement on Tuesday with a update.
- **Irrigation:** New Construction work has finished up on the West side of Del Webb Blvd. We started blowing that area out last week and will have those areas completed but the First of Next week. Then all of the COS will have been winterized.
- **Pruning:** We will continue working on the COS areas for the next few weeks.
- **Turf Applications:** Monday the Turf Chemical Company Weed Man will start applying the 5<sup>th</sup> and final Turf app of the year. I will put out an announcement at the end of each day on Town Square to update the community as to what has been treated. We will be working with Weed Man and will be adjusting our Mow schedule in order for the application to take the most effect. Again if you have any questions please direct them to Town Square.
- **Leaf Management:** Over the next few weeks we will be begin our leaf management of the property. Our focus will be on areas with high concentration of leaves down and we will move throughout the property as needed.
